FOR IMMEDIATE RELEASE

**CAMBRIA OPENS WORLD-CLASS SALES AND
DISTRIBUTION CENTER SHOWROOM IN ATLANTA**

State-of-the-Art Facility Features Expansive Showroom Open to the Public

ATLANTA (Mar. 23, 2023) – Cambria, the leading producer of American-made quartz surfaces and a family-owned company, announces the grand opening of a new Sales and Distribution Center Showroom in Atlanta, GA. To mark the occasion, Cambria will host an open house, reception, and ribbon cutting on March 30 with Cambria leadership and local business and community partners.

The state-of-the-art, 22,750-square-foot facility creates an economic boost to the area and provides an unparalleled opportunity for industry professionals and end users to experience Cambria’s award-winning designs. Featuring an expansive showroom that is open to the public, the sales and distribution center is located at 2425 Meadowbrook Parkway in Duluth, a vibrant suburb of Atlanta just 30 miles northeast along Interstate 85. The location, which serves the Atlanta metro area and northern Alabama, helps secure on-demand regional inventory of Cambria’s American-made slabs.

“Our showstopping new facility serves as a remarkable resource for the building and interior design industry as well as homeowners within the greater Atlanta area,” said Chris Recchia, Cambria’s Southeast Regional Vice President. “This is an important growing market for Cambria, and I’m thrilled to be able to share our extensive design palette with this community, as well as offer up expert staff who can help ideate and execute on a wide range of design needs and projects.”

Full-size slabs and a library of over one hundred samples of Cambria's newest and most popular designs are also on display, including the recently launched [Alloy Collection™](#), an industry-first collection that features striking brass and steel metallic-looking alloy veining. All of Cambria's designs are maintenance free and sustainably produced within a secure supply chain.

The Atlanta project brings Cambria's sales and distribution center footprint to 22 locations nationwide, with centers in key markets such as San Francisco, Denver, Dallas, Chicago, New York City, Orlando, Omaha, and Kansas City. Cambria's additional facilities include eight inspirational gallery (showroom) locations, including one in Buckhead Atlanta.

Cambria's architectural firm of record for the Duluth project is [Powers Brown Architecture](#), a renowned industrial, public institutional, and commercial interiors firm with a broad business portfolio. The general contractor for the project is [Choate Construction](#), which specializes in projects across several sectors including corporate, healthcare, hospitality, industrial, retail, and mixed use. The civil engineer is [Bohler Engineering](#), which provides land development consulting and site design services to owners and developers across all commercial, institutional, and residential markets.
